

Achieve your career goals and become a role model in your community!

The **AltaMed Escalera Program** is a college and career readiness program to help 11th and 12th grade Latino/a/x high school students graduate, enroll into college, and make informed decisions about their futures.

Through individual counseling, the program provides you with career planning resources, professional skills, and STEM (science, technology, engineering, and mathematics) awareness to help you explore education and career opportunities.

Open to students from South Gate High School, South East High School, Theodore Roosevelt High School and James A. Garfield High School.

Program overview

-  Open to AB-540 students
-  Explore different colleges
-  Internship opportunities
-  College application assistance
-  Career exploration
-  Financial aid support
-  Networking opportunities with professionals
-  Social and emotional support
